Introduction

We are Creating the Educational Standard

Clover Leaf University (CLU) is Approved, Regulated by the Colorado Department of Higher Education, Private Occupational School Board. In 2009, CLU trained hundreds of business owners and employees in the first licensed and regulated cannabis market in history solidifying its reputation as the preeminent educational institution that serves the burgeoning cannabis and hemp industry. At the heart of its mission lies an unwavering commitment to establish a standard of excellence in ethics, best practices, corporate business standards, professionalism, integrity, and technological innovation.

The institution strives to offer a cutting-edge educational platform that prepares a diverse range of stakeholders for the emerging cannabis market. These stakeholders include government officials and agencies, local municipalities, investors, entrepreneurs, business owners, medical and legal professionals, management, in-house cannabis employees, cannabis industry workers, and occupational professionals. To achieve this, CLU integrates best practice solutions for regulatory compliance requirements with careful attention to public health and consumer safety.

Moreover, the institution boasts various research and development projects aimed at raising awareness about the potential benefits of cannabis to society through patient and consumer education. Through this, CLU creates a knowledgeable industry and workforce that further enhances the standard of excellence.

CLU proudly offers next-level business education for industry investments, business startups, application processes and tools, state markets, and other relevant areas. The training program also covers a top-of-the-line curriculum that ensures industry workers, interns, and staff adhere to regulatory protocols, legal requirements, consumer safety, and responsible vendor practices. Thus, the institution empowers the industry to create a standard of excellence that ensures sustainable growth and responsible practices. With campus classes, workshops, on-site business training, live training, and online course certification, CLU has attained higher education approval for twenty-five Stand Alone Course Certifications and five Program Certifications. These include classes in Cannabis Consulting, Cultivation, Cannabis Science and Testing, Infusions, Cannabis Culinary Art, Continued Legal Education Classes, Extraction, and Vendor Training. Additionally, the Business University classes equip learners with skills in business organization, management, finance, marketing, analysis, and due process regarding the economic, political, social, and cultural aspects of the industry.

The institution's faculty is a distinguished team of industry leaders who bring to the classroom decades of experience and experiential wisdom. Among them are physicians, nurses, lawyers, accountants, botanical horticulturalists, doctors, and multi-million dollar industry business owners and executives who have shaped the industry from its inception. In sum, CLU's commitment to providing the highest academic and professional training has elevated it to the forefront of the cannabis industry. It gives its learners the resources to succeed and contributes significantly to the growth and responsible practices of the industry.

Letter from the CLU President,

I hope this letter finds you well during these challenging times. Thank you for expressing interest in Clover Leaf University, a historic educational institution at the forefront of the emerging cannabis and hemp market. With a vision to provide top-quality education to our students, we have come a long way since our inception, and it is through the continuous support and dedication of individuals like you that we have been able to achieve our goals.

At Clover Leaf University, we pride ourselves on offering a comprehensive and diverse range of programs and courses that equip our students with the knowledge and skills needed to succeed in this exciting and ever-evolving industry. Our expert faculty, state-of-the-art facilities, and commitment to innovation have enabled us to become a leader in the field of cannabis and hemp education.

As we continue to navigate the challenges posed by the ongoing global health crisis, we remain committed to providing our students with the highest quality education in a safe and supportive environment. Our online courses and remote learning options have allowed us to adapt quickly and effectively to the current situation, ensuring that our students can continue their studies without interruption.

The state legalization of cannabis in 2012 has precipitated a national trend, attracting significant investments from financing companies, investors, and stock firms. The market is rapidly expanding, with billions of dollars in projected sales for the next fiscal year. As legalization spreads across the country, the market is poised to grow exponentially. The cannabis industry is thus one of the fastest growing in America today.

As the industry continues to advance, it is imperative to ensure that safe communities, consumer products, and compliant business procedures are developed. States must maximize their training ability to establish a stable market that can grow to its full potential. Clover Leaf University has been involved in creating safety procedures and compliant business training programs specific to the cannabis industry nationally for years. We are the first educational program of its kind, approved by the Colorado Department of Higher Education's Private Occupational School Board. Safety and public health are our top priorities when it comes to the implementation of business procedures, and we are proud to develop responsible training programs for employees and consumers.

At Clover Leaf University, we offer top-of-the-line state-approved curriculum for business owners, governments, and employees, providing real-time business and industry expertise and knowledge. We recognize that the cannabis industry is highly complex, and we work closely with all aspects of the market to ensure that our students are updated, compliant, and prepared for this once-in-a-lifetime business opportunity.

Our educational enterprise focuses on raising awareness, research and development, best practices, regulatory compliance, business expansion, and product and consumer safety. Colorado is very fortunate to have state legislatures with the vision and strength to embrace cannabis. The passing of laws spring boarded a variety of medical and business opportunities. The industry is in a critical growth stage and has paved the way for CLU to build the platform for a learning community. One that will provoke thought and innovation, social responsibility, job creation, and increment benefits for the state.

We are excited to have you join us on this journey, and we look forward to providing you with an unparalleled educational experience that prepares you for success in the emerging cannabis and hemp market.

We are honored to welcome you to Clover Leaf University.

Enrollment Procedures

Prospective students may enroll at any time. Late enrollments will be accepted only one day into the course, depending on the length of the course. You can register on our website at

www.CloverLeafUniversity.com

Admission and Entrance Requirements

The school does not discriminate based on race, sex, religion, ethnic origin or disability. Prospective students must have a high school diploma or equivalency diploma to be accepted for enrollment. If applicants are beyond the age of compulsory school attendance in Colorado and do not possess a diploma or equivalency diploma, they may complete an ability to benefit test. The school does not administer the test but will provide information on availability when requested.

Books and Manuals

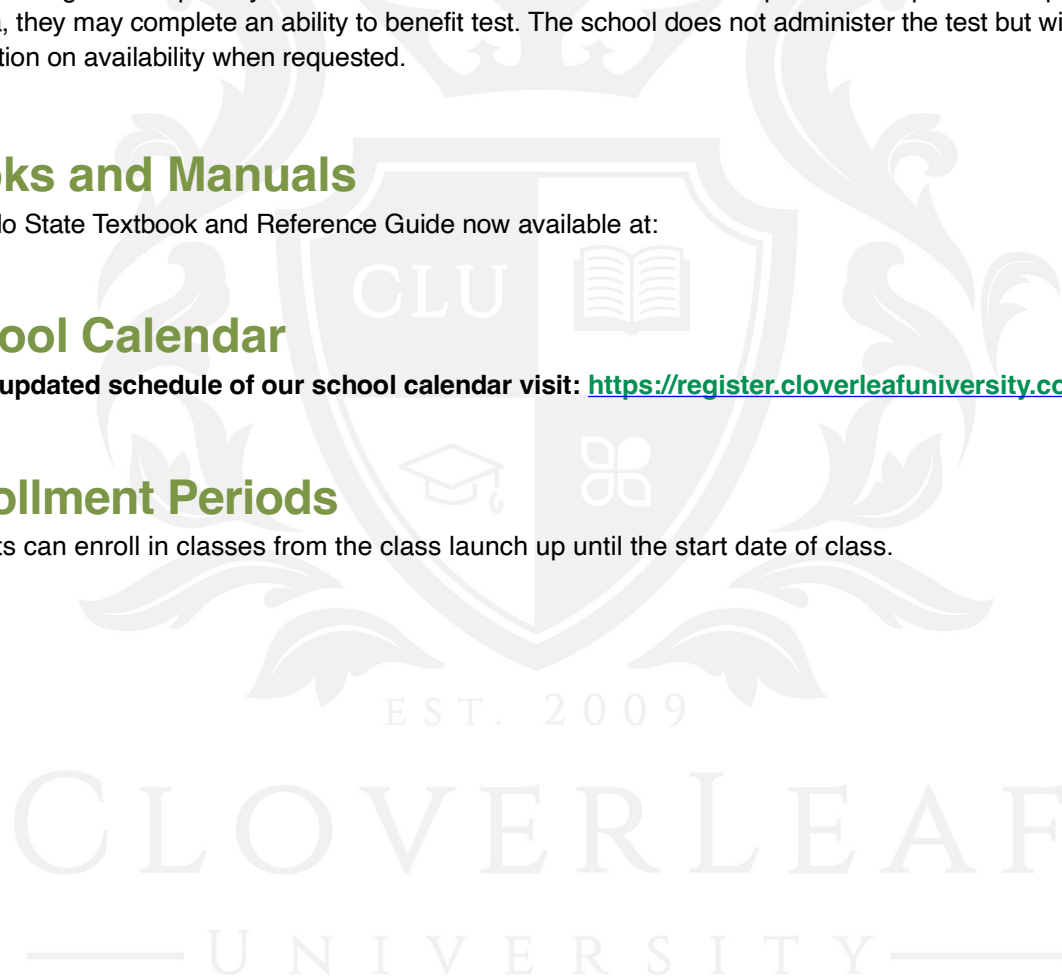

Colorado State Textbook and Reference Guide now available at:

School Calendar

For an updated schedule of our school calendar visit: <https://register.cloverleafuniversity.com/>

Enrollment Periods

Students can enroll in classes from the class launch up until the start date of class.

Class Schedules

CLU will post class schedules at www.cloverleafuniversity.com. <https://register.cloverleafuniversity.com/>

Check our website for monthly updates.

When an unexpected closure occurs due to extraordinary conditions such as inclement weather, students will be notified as soon as possible by phone and radio, and TV who provide closure information as a public service.

Classes are not held on the following holidays:

New Year's Eve	Labor Day
New Year's Day	Thanksgiving Day & Following Friday
Memorial Day	Christmas Eve
Independence Day	Christmas Day

Attendance Requirements Policy

Students are expected to arrive on time for class with proper materials. An overall attendance rate of at least 90% is required. Instructors may request your withdrawal from a course or program if absences or tardiness exceed 10%. Students who are unable to continue classes for medical reasons or severe personal problems may be required to take a leave of absence until they are able to return to class. Students may check the class schedule and submit an enrollment form for the new class. There are no additional fees associated with a leave of absence. Proper documentation will be required to substantiate a student's withdrawal.

Grading System and Progress Reports

96 – 100 = A	Excellent
86 – 95 = B	Above Average
76 – 85 = C	Average
66 – 75 = D	Below Average
Under 66 = U	Unsatisfactory

Every six weeks, progress reports with grades will be issued to students throughout the program. Students enrolled in short-term courses will be issued grades at course end.

Placement Assistance

We make no guarantee, expressed or implied of future employment. Current law prohibits any school from guaranteeing job placement as an inducement to enroll students. We offer training for you to apply and learn job requirements however we do not guarantee you employment or assist with job placement.

Postponement of Start Date

Postponement of a starting date, whether at the request of the school or the student, requires a written agreement signed by the student and the school. The agreement must set forth:

Whether the postponement is for the convenience of the school or the student, and; a deadline for the new start date, beyond which the start date will not be postponed. If the course is not commenced, or the student fails to attend by the new start date set forth in the agreement, the student will be entitled to an appropriate refund of prepaid tuition and fees within 30 days of the deadline of the new start date set forth in the agreement, determined in accordance with the school's refund policy and all applicable laws and rules concerning the Private Occupational Education Act of 1981.

Progress Policy

Students must maintain a 70% grade point average. Those who do not will be placed on probation for 30 days. During the probation period, students must raise their grade average to pass or higher. The student may be terminated if grades are not satisfactory at the end of the probationary period. Termination shall be at the School Director's discretion. The Director has final authority and shall notify the student of the final decision.

Conduct Policy

All students are expected to act maturely and are required to respect other students and faculty members. Possession of weapons, illegal drugs, and alcohol of any kind are not allowed at any time on school property. Any violation of school policies may result in permanent dismissal from school.

Dismissal

Any student may be dismissed for violations of rules and regulations of the school, as outlined in school publications. A student also may be withdrawn from classes if he or she does not prepare sufficiently, neglects assignments, or makes unsatisfactory progress. The Director, after consultation with all parties involved, makes the final decision. The Director of Education may temporarily suspend students whose conduct is disruptive or unacceptable to the academic setting. After appropriate counseling, students who demonstrate a genuine desire to learn and conform to school standards of conduct may be allowed to resume attendance. The director will review each case and decide upon re admittance.

Facilities

Our classrooms are furnished with modern equipment to computer programs, charts, diagrams and videos to enhance classroom activities. Our weekend seminars and classes will be held at rented locations. Our office address is 1312 17th St. #524 Suite 584 Denver, CO 80202. We provide an online list of resources for our students on our FAQs page on our website located at www.cloverleafuniversity.com. A simple computer and internet connection will be adequate to take the online or live classes. A notebook and pen/pencil must be brought to every class.

Distance Education requirements will include a computer, iPad, or iPhone, a strong internet connection, and the ability to operate a computer/device. Technical assistance will be available.

Previous Credits

Credits from another institution will be evaluated on a case-by-case basis. Clover Leaf University does not guarantee transferability of our credits to another institution unless there is a written agreement with another institution. (NF) Stands for non-transferable throughout the catalog. No previous credits are currently accepted by Clover Leaf University.

Quarter Credit Hours

10 Theory / Lecture contact hours = 1 Credit

20 Laboratory contact hours = 1 Credit

Student Complaints

Attempting to resolve any issue with the school first is strongly encouraged. Student Complaints should be brought to the attention of the School Director to attempt resolution. The Director and student are to follow the grievance procedures according to school policy printed in the school catalog. The student may file a written complaint online with the Colorado Division of Private Occupational Schools at <http://highered.colorado.gov> or by requesting a complaint form at (303) 862-3001. All student complaints submitted to the Division must be in writing and shall be filed within two years after the student discontinues training at the school.

Refund Policy

Students not accepted to the school are entitled to all money paid. Students who cancel this contract by notifying the school within three (3) business days are entitled to a full refund of all tuition and fees paid. Students who withdraw after three (3) business days, but before the commencement of classes, are entitled to a full refund of all tuition and fees paid except the maximum cancellation charge of \$150.00 or 25% of the contract price whichever is less. In the case of students withdrawing after the commencement of classes, the school will retain the cancellation charge plus a percentage of tuition and fees, which is based on the rate of contact hours attended in the Program/Stand Alone Course, as described in the table below. The refund is based on the official date of termination or withdrawal.

Course Refund Table

Student is entitled upon Withdrawal or Termination	Refund
Within first 50% of program - Lessons 1-2 (Day 1)	50% less cancellation charge
After 50% Lessons 2-4 (Day 2) [if paid in full, cancellation charge is not applicable]	NO Refund

Online Course Refund Table

- The student may cancel this contract at any time before midnight of the third business day after signing this contract.
- All refunds will be made within 30 days from the date of termination. The official date of termination or withdrawal of a student shall be determined in the following manner:
 - The date on which the school receives notice of the student's intention to discontinue the training program; or
 - The date on which the student violates published school policy, which provides for termination.
 - Should a student fail to return from an excused leave of absence, the effective date of termination for a student on an extended leave of absence or a leave of absence is the earlier of the date the school determines the student is not returning or the day following the expected return date.
- The student will receive a full refund of tuition & fees paid if the school discontinues a course/program within a period of time a student could have reasonably completed it, except that this provision shall not apply in the event the school ceases operation.
- The policy for granting credit for previous training shall not impact the refund policy.
- The student shall be entitled to a refund if the program/course start date is postponed and effects the student's ability to attend.

Student Grievance Procedure

Should a student have an issue/grievance with the school, a complaint must be made in writing to the School Director Chloe Villano. This complaint can be submitted by mail to 1312 17th Street #524 Suite 584 Denver, CO 80202 or by email to info@cloverleafuniversity.com. Upon receipt of the complaint, a ticket will be opened, an investigator will be assigned to the issue, and an investigation will take place. Within ten days a report will be issued to the director and, if it is deemed appropriate, steps to correct the issue will be taken immediately. The student will receive a follow up of corrective actions to fix the problem. www.cloverleafuniversity.com
